

From Bottlenecks to Breakthroughs

A Human-Centered Control Tower to Remove Friction and Increase Impact.

**CLEARER
DECISIONS**

**FASTER
ACTIONS**

**BETTER
COLLABORATION**

**HIGHER
IMPACT**

01

CENTRALIZE (Control)

Role: Set direction & standards
Purpose: Ensure quality & alignment
Key decision: Who needs to approve?
Success indicator: Fewer errors, higher clarity

02

ADD LAYERS (Complexity)

Role: Manage risk & coordination
Purpose: Increase control & visibility
Key decision: What gets escalated?
Success indicator: Fewer surprises, better decisions

03

HOARD INFORMATION (Knowledge)

Role: Maintain advantage & reduce risk
Purpose: Keep context & options
Key decision: What to share and when?
Success indicator: Better positioning, fewer mistakes

THE CONTROL TOWER

VISIBILITY
See issues early

COORDINATION
Right people, right time

DECISION SUPPORT
Trusted data & insights

GOVERNANCE
Policies, risk & guardrails

**LESS FRICTION.
MORE IMPACT.**

Good leaders remove bottlenecks—they don't create them.

**FASTER
DECISIONS**

From delays to action with confidence.

**BETTER
COLLABORATION**

Right information, shared early.

**HIGHER
IMPACT**

Less rework, more mission outcomes.

**STRONGER
PEOPLE & TEAMS**

Focus on what matters most.

EMPOWERED PEOPLE. SMOOTHER WORKFLOWS. GREATER RESULTS.

TOMORROW MORNING IMPLEMENTATION PLAN

- | | | |
|--|--|--|
| ☐ List your key decision points. | ☐ Share critical information early. | ☐ Review what you're still holding. |
| ☐ Identify where approvals pile up. | ☐ Ask for feedback, not just updates. | ☐ Reassess your control mindset. |
| ☐ Remove unnecessary layers. | ☐ Simplify your process. | ☐ Measure speed and flow. |
| ☐ Delegate at least one decision. | ☐ Empower your team to act. | ☐ Repeat weekly. |
